PARKER FULLMORE

Orlando, FL | (347) 213-8789 | pjfullmore@gmail.com
linkedin.com/in/parker-fullmore | parkerfullmore.vercel.app

Mechanical engineering student at UCF with hands-on experience in CAD, FEA, Python, and 3D-printed prototyping. Combines collaborative engineering project work and student leadership with a background in stage performance and teaching.

EDUCATION

University of Central Florida, Orlando, FL Expected Spring 2028
Bachelor of Science in Mechanical Engineering GPA: 3.415

SKILLS

Design and Manufacturing: SolidWorks, AutoCAD, Fusion, 3D modeling, mechanical design, finite element analysis (FEA), additive manufacturing, prototyping
Programming and Software: Python, C, Microsoft Office Suite

RELEVANT PROJECTS

SCALED AUTOMOTIVE VEHICLE | ASME
Chassis Subsystem In Progress

- Design chassis components in SolidWorks using aluminum and steel for a remote-controlled vehicle in an ASME and Theta Tau competition.
- Collaborate with other subsystem teams to coordinate chassis interfaces and resolve design integration challenges.
- Develop the chassis for a vehicle currently estimated at approximately 2 ft long and 15 lb. Design and fabrication are currently in progress.

ARCADE CLAW MACHINE | ASME
Game Systems Subsystem Spring 2026

- Developed software components in Python for arcade claw machine game mechanics as part of the Game Systems team.
- Designed a spinning platform mechanism, 3D printed it, and assembled the printed components into a platform assembly.

LEADERSHIP AND INVOLVEMENT

AMERICAN SOCIETY OF MECHANICAL ENGINEERS | UCF Fall 2026 - Present
Social Media Manager

- Manage Instagram and other social platforms, generating 167,000 views, approximately 500 new followers, and 3,500 interactions to date.
- Coordinate weekly calendars, design event flyers, and publish frequent updates to organize club communications and keep members informed.

CHRISTIANS ON CAMPUS | UCF Fall 2026 - Present
Treasurer

- Coordinate KnightConnect posts for weekly events to maintain accurate, accessible information for members and prospective attendees.
- Collaborate with club leaders in weekly planning meetings to solve outreach challenges and develop a welcoming environment for all members.

PROFESSIONAL WORK EXPERIENCE

ANDOR HEALTH | Intern Summer 2026

- Prepared and submitted Rural Health Transformation grant applications seeking billions of dollars in funding to support healthcare in underserved communities.
- Coordinated tasks across teams through daily standups to resolve project questions and align deliverables with shared goals.

BEST BUY | Computer Sales Advisor 2024 - 2025

- Ranked as the store's highest-performing Sales Advisor while earning a 5-star customer service rating. Averaged $1,100 in total contribution per hour.
- Solved customer needs by evaluating product features and tradeoffs.

OTHER EXPERIENCE

THE BALLET SCHOOL PERFORMING ARTS | Teacher / Assistant 2023 - 2024

- Taught dance to students of various ages, developed choreography, and supported a safe learning environment.
- Also handled front office transactions, customer service, and housekeeping.
